

NAME OF PLAYER	STAND 1	STAND 2	STAND 3	BEST TIME

This is an official International Peeball Federation scorecard for use in competitive Power Peeball matches.

To get the maximum enjoyment and accuracy from your contest write each player's name in the left hand column and, after they take their respective stands, write down how quickly the Peeball is destroyed, stopping the clock when the last remnants of the ball are flushed down the drain. If the ball is not entirely destroyed, enter a description of the ball's final state (categories range in order of destruction from Grazed to Monster Munch, Pitted Olive, Pea, Petit Pois and Yellowy Mush).

The winner is the player with the best SINGLE performance over the entire course of the competition.
